**PROPOSED AMENDMENT**

Sir:

In response to the Official Action of August 30, 2002, we propose to amend this application as follows subject to an interview of October 10, 2002:

**IN THE CLAIMS:**

Please amend claim 12 as follows:

12. (Twice Amended) A building formed of a plurality of building unit modules, each of said building unit modules comprising a lattice framework formed of at least three parallel vertically oriented rectangular frame members spaced along the length of the module, each of said frame members comprising four frame sections forming a rectangle, said four frame sections having vertical and horizontally oriented frame sections to form said rectangular frame member, multiple parallel horizontal runners connected to the vertical frame sections of the frame members internally thereof, the runners each extending transversely to the vertical frame sections along the length of the module, sheeting attached to the runners to form an enclosure which is defined exteriorly by the lattice framework, and horizontal corner members each extending across the framework along the length of the module and connected to the frame members at the corners
